SDX

The Ozarks Chapter of the Society of Professional Journalists, Sigma Delta Chi, is the Northwest Arkansas branch of a worldwide association. Journalism's professionals and students are united in the organization.

SDX seeks to raise the competence of its members, to recognize outstanding accomplishments, to attract new talent, to protect freedom of information and to elevate the prestige of journalism.

Tradition

Gridirons as we know them today originated in 1885 when a group of reporters in Washington, D.C., became actors for an evening and lampooned the prominent people of the day. Gridirons now are presented in major cities throughout the national with the foremost among them being the National Press Club's annual roasting of national politicians with the President in the audience.

This is the 11th annual Gridiron presented by the members of the Northwest Arkansas media and friends. Area politicians and other newsmakers should beware — it won't be the last!

Upon request, we'll specify who acted, who sang and who handled the props. But we'll never tell who wrote which scripts!
